Farmsteel INC.

“건설기계 서비스 전문기업”

Farmsteel Inc is a trading company that is authorized and specialized in a construction equipment trading ,construction machinery rental, construction machinery repair and construction machinery disposal.

It's been 15 years since Farmsteel was first founded to sell farming equipment and to provide HR licensing course. Shortly a few years after that, we expanded our business into construction machinery trading and made a significant success in rental business and maintenance service.

We aim to provide the best service to customers and we are proud to say that our most asset is passion and it's one of our strengths now.

We constantly strive not only to expand into a business that gives more than what we are but also to contribute to the society that we belong.

We have always been there for our customers and business partners and we make extra effort to meet their needs, always.

CEO of Farmsteel Suk Kyoon Jun

Farmsteel INC.
